5. Early (● 只可在空町 无人的地方使用本车; 勿在以下地方使用本库; Operate your model in spackous areas CNLY with few people around/Do not operate it:

幼均性人同时使用同一频率! 否则信号会发生混乱, 车子会失控, 可能导致事故发生。

只要拿子依爾米被消除,則不能使用单子。否則 可能会出現更大的故障,并沒生意外事故。 As long as the problem is not classed, do NOT operatula IT his raw lead to further trouble and unforessen accidents!

FOC statement

farming: Changes or modifications to this unit not appressly approved by the party responsible for compliance could would the user's surfority to operate the equipment has been tested and found to comply with the limits for a Cleas B digital WOTE. This equipment has been tested and found to comply with the limits for a Cleas B digital events are used to Part 16 of the RD Mules. These limits are designed to provide reasonable protection against harmful interference in a residential intuitation. This equipment generates, use and can realise radio frequency energy and wife the interference to reliconate in enablest led and used in scoordence with the intuitionism, may assess barmful interference to reliconaminations.

bleaver, there is no guarantee that interference will not occur in a particular installation. If this excipient does cause harmful interference to radio or tofovision reception, which can bleatenined by turning the equipment off and on, the near is encouraged to try to correct the interference by one or more of the following measures.

- Reoriert or relocate the receiving anterna.

 Increase the separation between the equipment and receiver.

 Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

 Consult the dealer or an experienced radio/IV technician for help.
